EDUCATION

University of Wisconsin–Madison

Bachelor of Business Administration

Major: Finance, Investment & Banking

Madison, WI

August 2013

Overall GPA: 3.46

PROFESSIONAL EXPERIENCE

Samsung SDS, Pangyo, Korea

September 2024 – Present

Samsung Group's logistics and IT affiliate; its Logistics business operates Cello Square, a global digital freight platform

Senior Data Analyst

- Lead six-person task force to standardize freight volume classification across six regions and 10 organizations, creating one authoritative company-wide dataset
- Trace discrepancies in SQL, redesign four aggregation rules, restore 28,306 forty-foot equivalent units (FEU) of 2025 volume, and reduce anomalous records from 0.80% to 0.56% in two months
- Diagnose Cello Square customer journey friction using Google Analytics 4 and Tag Manager; identify rate-search and quote-delay issues linked to customer drop-off and recommend improvements
- Develop dashboards and retention tracking for a cosmetics express initiative targeting Korea-to-U.S./Japan demand

Korean Air, Seoul, Korea / Manila, Philippines

January 2014 – August 2024

Project Manager – Group Sales Optimization & RM Strategy

April 2023 – August 2024

- Managed 17-month Group Sales Optimizer project, coordinating PROS, JAL/ANA, and Korean Air teams to automate booking workflows
- Developed reservation misuse monitoring tool, flagging 600+ cases and preventing ~\$370K in annual revenue leakage; earned Quarterly IT Excellence Project Award

Regional Sales Marketing Manager – Philippines Regional Office

September 2022 – April 2023

- Led seven-person sales team across Manila, Cebu, and Guam; increased group reservations +340% YoY, restoring 80% of 2019 pre-COVID-19 volume
- Executed seven travel fairs with Philippine Travel Agencies Association and Korea Tourism Organization (\$2.1M revenue)

Revenue Management & Pricing Systems Manager

April 2021 – September 2022

- Implemented logistic regression and random forest models in Python to analyze route-level COVID-19 recovery and inform demand forecasting and pricing
- Evaluated Amadeus RMS as alternative during PROS contract renewal, contributing to \$3.32M in five-year cost savings; coached four junior colleagues

Passenger Division Data Analyst & System Administrator

January 2017 – April 2021

- Integrated 100M+ ticketing and flown records with Delta Air Lines' passenger data in nine months, creating one shared dataset for both carriers
- Renegotiated IATA DDS data contract during COVID-19 (\$390K savings); trained sales and planning teams through 74 hours of Data/BI courses

Sales Support Assistant Manager & Sales Representative

January 2014 – December 2016

- Analyzed sales performance across 780+ Korean travel agencies using Oracle BI; supported Mode Tour account across Southeast Asia and Americas

ENTREPRENEURSHIP AND PROJECTS

- Founder/Product Owner, AiMollaeBook – created, as a parent, a book-shaped product that keeps a mobile phone out of sight; managed production through delivery, selling 2,000+ units and generating \$25K in revenue
- Developing a CPIM study web app with 1,500 practice questions and study notes, designing the UI in Figma and using Claude Code while inspecting and testing generated code

CERTIFICATIONS

- PMP (PMI, 2026); CPIM – Certified in Planning and Inventory Management (ASCM, 2025)

SKILLS

Computer: SQL, Python; Power BI, Tableau, Oracle BI, Google Analytics 4, Google Tag Manager, Figma; PROS O&D RMS/RTDP, IATA's Direct Data Solutions (DDS), CIRIUM; Claude Code for AI-assisted development

Languages: Korean (Native), Japanese (Fluent), Chinese (Basic)
