Note Regarding TEC/WES Course-by-Course Evaluation

Applicant: Sukwoo Chung

Program: MS in Supply Chain and Analytics, Mays Business School (Summer 2027 entry)

A TEC or WES evaluation is not required for my application, for the following reasons:

- I hold a Bachelor of Business Administration from the University of Wisconsin–Madison, a U.S. institution, conferred on August 25, 2013 (cumulative GPA 3.457/4.0).
- My Fall 2012 exchange semester at the National University of Singapore appears on my UW–Madison transcript with letter grades, not as transfer (T) credit.
- The 6 credit hours from Korea University (2008 summer program) are not part of the application GPA calculation, and I do not hold a degree from that institution.

This note is uploaded in place of an evaluation report.
