EDUCATION

University of Wisconsin–Madison

Bachelor of Business Administration, Finance, Investment & Banking

Madison, WI
August 2013
GPA: 3.46/4.00

PROFESSIONAL EXPERIENCE

Samsung SDS

Senior Data Analyst

Pangyo, Korea

September 2024 – Present

- Lead a 6-person task force to standardize freight volume classification across 6 regions and 10 organizations, creating one authoritative company-wide dataset
- Trace discrepancies in SQL, redesign 4 aggregation rules, restore 28,306 forty-foot equivalent units (FEU) of 2025 volume, and reduce anomalous records from 0.80% to 0.56% in 2 months
- Diagnose customer journey friction on Cello Square, Samsung SDS's digital freight platform, using Google Analytics 4 and Google Tag Manager; identify rate-search and quote-delay issues linked to customer drop-off and recommend improvements
- Design dashboards to track acquisition and repeat use for a cosmetics express initiative targeting Korea-to-U.S./Japan demand

Korean Air

Seoul, Korea / Manila, Philippines

Project Manager, Group Sales Optimization & Revenue Management Strategy

April 2023 – August 2024

- Coordinated the 17-month Group Sales Optimizer project across PROS, JAL/ANA, and Korean Air teams to automate bookings
- Built a reservation misuse monitoring tool, flagging 600+ cases and preventing ~\$370K in annual revenue leakage

Regional Sales Marketing Manager, Philippines Regional Office

September 2022 – April 2023

- Directed a 7-person sales team across Manila, Cebu, and Guam, increasing group reservations +340% year-over-year (YoY) and restoring 80% of 2019 pre-COVID-19 volume
- Executed 7 travel fairs with the Philippine Travel Agencies Association and Korea Tourism Organization (\$2.1M revenue)

Revenue Management & Pricing Systems Manager

April 2021 – September 2022

- Implemented logistic regression and random forest models in Python to analyze COVID-19 route recovery and inform forecasting and pricing
- Evaluated Amadeus Revenue Management System (RMS) as an alternative during PROS contract renewal, contributing to \$3.32M in 5-year cost savings; coached 4 junior colleagues

Passenger Division Data Analyst & System Administrator

January 2017 – April 2021

- Integrated 100M+ ticketing and flown records with Delta Air Lines' passenger data in 9 months, creating one shared dataset for both carriers
- Renegotiated the International Air Transport Association (IATA) Direct Data Solutions (DDS) contract during COVID-19 (\$390K savings); trained sales and planning teams in Korean and English through 74 hours of Data/Business Intelligence (BI) courses

Sales Support Assistant Manager & Sales Representative

January 2014 – December 2016

- Analyzed sales performance across 780+ Korean travel agencies using Oracle BI
- Supported the Mode Tour account across Southeast Asia and the Americas

ENTREPRENEURIAL & PROJECT EXPERIENCE

AiMollaeBook, Founder & Product Owner

2023 – Present

- Created, as a parent, a book-shaped product that keeps a mobile phone out of sight
- Managed production through delivery, selling 2,000+ units and generating \$25K in revenue

CPIM Study Web App, Independent Project

2026 – Present

- Develop a web app with 1,500 practice questions and notes
- Design the UI in Figma and test Claude Code-generated code

SKILLS

Technical: SQL, Python, Excel, Power BI, Tableau, Oracle BI, Google Analytics 4, Google Tag Manager, Figma, PROS RMS, CIRIUM, Claude Code

Certifications: Project Management Professional (PMP), 2026; Certified in Planning and Inventory Management (CPIM), 2025

Language: Korean (Native), Japanese (Fluent), Chinese (Basic)

HONORS AND AWARDS

Quarterly IT Excellence Project Award, Korean Air

Q2 2024
